Profile

I hope to attain a position where my skills will be utilized to their fullest extent and that I might be exposed to new learning opportunities. I am a detail and task-oriented individual with good communication skills and a strong work ethic, capable of working alone or with others. I have completed coursework for the GIS certificate at the University of Washington Tacoma where I hold a B.S. in Environmental Science, and am currently pursuing a Master's degree in Geospatial Technologies. I am comfortable using a variety of programs such as ArcMap, ArcGIS Online, ArcGIS StoryMaps, and ArcPro. Problem solving and exercising patience in difficult situations is a strength.
